5. COMMUNITY CENTER MAINTENANCE
6. PARKS AND REC EVENTS UPDATE.
7. LANDSCAPING
8. SET AGENDA FOR NEXT MEETING.

**MINUTES**  
**VILLAGE OF LAKE PARK**  
**PARKS AND RECREATION MEETING**  
3801 LAKE PARK ROAD, LAKE PARK,  
September 21, 2005

Commission Members Present: Fleta Thomas, Pat Hunt  
Virginia Currence, Jo Waybright  
Don Carreras

Facility Manager: Cheri Clark

**Call to Order:** Fleta Thomas called the meeting to order.

**Public Comments:**

Bob with J & B Enterprises operates a vending operation that donates a portion of the profit to charity. He wants to know if the VOLP is interested in having a vending machine in the Community Center. The VOLP would not incur any cost or insurance liability.

**Council Comments:** Council has requested three sign quotes for the next Council meeting. At this time Fleta Thomas has two of the three quotes. Pat Hunt expressed his concerns about the verbiage and the locations of the signs. Virginia Currence suggested small signs be installed at the Gazebo, Clock Tower and Founder's Park. The current "No Skateboarding" signs at the Town Center are 7.5" x 9". At this point, Banner Signs' quote for six signs at \$39.00 each and \$50.00 total for installation is the most reasonable.

**Community Center:** Pat Hunt will purchase and organize everything for the interior paint party. The quote for the exterior paintwork by RC Painting was accepted. We do not want to paint the columns due to long-term maintenance issues.

**Park and Recreational Events:** The Chili Cook off is the next event. As we are thinking about Christmas, what would be a good location for a tree decorated with blue lights? In the December newsletter, we will want to include an article about the symbolism of the tree. The VOLP will be responsible for the Tree Lighting, Faith United Methodist will have Christmas Carolers and the HOA will be doing refreshments. After moving

the new snowflakes to the storage facility, Pat Hunt advised the VOLP to have them professionally installed.

**Pool Issues:** Don Carreras will meet with Carolina Pool Management and reviewed the ladder repair quote before the next meeting. The proposed pool contract will be discussed at the next meeting after everyone has had a chance to review the contract. Jo Waybright suggested that we consider changing Adult Swim hours on Tuesday and Thursday nights. In November and December, the P & R will revisit the pool fee schedule. The rainy day provisions and the customer premise liability insurance clauses need to be understood and reviewed. Fleta Thomas will send Ken Swain a copy of the proposed contract. The winter contract for pool maintenance will also need to be presented to Council. The quote for the feature pool cover was discussed briefly. Virginia Currence and Jo Waybright suggested that the cover be a capital expense instead of a pool maintenance line item. During off-season, the vending situation at the pool will need to be studied.

**Landscaping:** Pat Hunt shared that the floatation device for Connie's Pond has been ordered and that Lucas has put down grass seed. For \$3,400, ninety-eight yards of topsoil can be purchased and placed thorough out the VOLP. The common area at Queens and Hoover will need to be discussed next month after everyone has had a chance to visit the area.

Fleta Thomas and Norris Jeffrey have been discussing the vegetation in the ponds. The expense for treating all the ponds is costly especially with cooler weather on the way. The wildlife around the ponds is doing substantial damage to the landscaping. Norris Jeffrey suggested changing the Park Ordinance to Do Not Feed The Waterfowl instead of birds.

Tisdell Electric has a list of items for the VOLP that is being worked including the clock motors for the Clock Tower. Fleta Thomas will have them add the lights in the pool area.

**Agenda changes:** Move – 3 to 4 and add as 3 Approval of Minutes.

Respectfully submitted,

Cheri S. Clark
